- Infrastructure Maintenance Contract
- Government Buildings
- 3 Year Contract

Over a 3-year contract, we delivered dedicated locksmith and security maintenance services across key government buildings as part of a broader infrastructure program. Supporting the evolution of Australia's CBD environments, our role focused on maintaining secure access, compliance, and operational reliability for high-traffic commercial and public facilities. Our responsive service and attention to detail helped meet the needs of a rapidly changing urban landscape.

- Infrastructure & Assets -12 Year Contract

As part of a long-term partnership, we delivered comprehensive locksmith and security services under a 12-year Infrastructure and Assets contract with BGIS — a global leader in integrated facility management. This contract supported a wide portfolio of sites, ensuring secure access, compliance, and rapid response solutions aligned with BGIS's commitment to operational excellence and innovation.

- Whole Of Government Facilities - 12 Year Contract

As part of a 12-year Whole of Government Facilities contract, we provided specialist locksmith and security services across a diverse range of government sites. Supporting both day-to-day operations and long-term infrastructure planning, our role contributed to smarter, safer, and more efficient facilities. From secure access solutions to compliance-driven installations, we worked closely with stakeholders to deliver reliable service within a comprehensive, multi-service delivery framework.

- Government Facility Contract

Under a government facility contract with Evolve FM, we delivered professional locksmith and security services across multiple public sites. Partnering with a 100% Indigenous-owned provider, our work supported secure operations while contributing to positive outcomes through the Indigenous supply chain.

- Government Facility Contract

As part of a government facility contract with Downer, we provided locksmith and security services across key public sites. Supporting Australia's largest integrated facilities provider, our work helped ensure safe, compliant access across sectors including education, healthcare, and government infrastructure.

CLIENTS

TRUSTED BY INDUSTRY LEADERS

> We are proud to have worked with a diverse portfolio of commercial, government, and private clients across sectors including property, retail, education, and transport.

CAPABILITY WITHOUT COMPROMISE ON CARE

At Protech Locksmiths & Security, we're the right size for the job — large enough to handle complex, large-scale projects with efficiency, but small enough to deliver personalised service, genuine care, and direct communication every step of the way.
